IEEE ISAF 2027
ISAF-ISIF-PFM
BUSAN, SOUTH KOREA | July 19-23, 2027

IMPORTANT DATES:

Friday, January 15, 2027
Abstract Submission

Friday, March 12, 2027
Acceptance Notification

Friday, April 30, 2027
Author Registration Deadline

Friday, July 9, 2027
Proceedings Deadline

UFFC
IEEE Ultrasonics, Ferroelectrics, and Frequency Control Society

CALL FOR PAPERS

The IEEE UFFC Society invites researchers from academia, national laboratories, and industry to submit abstracts to the 2027 International Symposium on Applications of Ferroelectrics (ISAF). Organized jointly with the International Symposium on Integrated Functionalities (ISIF) and the Workshop on Piezoresponse Force Microscopy (PFM), this event will take place from July 19 to 23, 2027, in Busan, Republic of Korea.

About the Symposium

This joint symposium provides a major international forum for presenting and discussing the latest advances in the science, technology, and applications of ferroelectric, piezoelectric, and dielectric materials. Bringing together experts from academia, national laboratories, and industry, the conference fosters interdisciplinary collaboration, promotes the exchange of ideas, and advances research in functional materials, electronic devices, and characterization techniques.

About Busan, Republic of Korea

Situated on the southeastern coast of the Republic of Korea, Busan is a dynamic coastal city known for its modern infrastructure, vibrant cultural districts, and beautiful beaches. The city offers an inspiring setting for scientific exchange, with convenient transportation, exceptional local cuisine, and historic landmarks and cultural attractions to explore after conference sessions.

ISAF CONFERENCE TOPICS

Group I- Fundamentals and Theory of Ferroelectrics and Related Materials

Group II- Processing of Ferroelectric Crystals, Ceramics, Thick and Thin Films

Group III- (Joint with PFM) Piezoresponse Force Microscopy and Other Scanning Probes

Group IV- Characterization & Properties of Ferroelectrics

Group V- (Joint with ISIF) – Applications of Dielectric, Piezoelectric, Ferroelectric, and Related Thin Films

Group VI- Applications of Ferroelectrics, Piezoelectrics and Related Bulk Materials

ORGANIZING COMMITTEE

General Chair
Cheol Seong Hwang

General Vice Chairs
Seungbum Hong & Si-Young Choi

Technical Program Chairs
Min Hyuk Park & Taekjib Choi

ISAF Chair
Min Hyuk Park

ISIF Chair
Susan Trolier-McKinstry

PFM Chair
Roger Proksch

Tutorial Chairs
Woo Seok Choi & Junwoo Son

Local Organizing Chairs
Choongyu Hwang & Soonil Lee

Finance Chairs
Jesús Ricote & Jaekwang Lee
