## Connect with the MeMeA Community

The International Symposium on Medical Measurements and Applications (MeMeA) is an annual gathering of industry leaders, professionals, and experts in all aspects of interactions relating to instrumentation and measurement, bio-engineering, material science, chemical, and biological measurements, and leveraging Signal/Data Processing and Artificial Intelligence for accelerating solutions in the medical field. It serves as a platform for networking, knowledge sharing, and collaboration, attracting a diverse audience worldwide. MeMeA offers a comprehensive agenda featuring keynote speeches, workshops, and interactive sessions, all focused on the latest trends, innovations, and challenges in our industry.
