

CALL FOR PAPERS

ORGANIZERS

General Chair

Sidney Givigi
Professor, Queen's University

SUBMISSION PROCESS & DEADLINES

October 11, 2026
Special Session Proposals

November 22, 2026
Tutorial Proposals

November 22, 2026
Abstract & Full Paper
Submission

January 6, 2027
Acceptance Notification

February 21, 2027
Final Manuscript & Early
Registration

ieeesyscon.org

The Annual IEEE International Systems Conference (SYSCON) is the flagship conference of the Systems Council and the premier North American systems engineering conference and provides an interactive forum for advancement across various disciplines.

The IEEE Systems Council facilitates interactions among communities of interest on system-level problems and applications. System-level thinking is essential in the world today, not only for technical systems, but also for society at large.

FULL PAPER SUBMISSION

SysCon 2027 brings together practitioners and academics to exchange ideas, methodologies, and real-world applications.

Submission Categories:

- » **Case Studies & Practical Experiences (Short Papers)**
Real-world applications, industry insights, and practical achievements
- » **Research & Application Papers (Full Papers)**
Novel research, theoretical contributions, and technical advancements
- » Systems Engineering
- » Systems-of-Systems Engineering
- » Systems Architecture
- » Complex Systems
- » Cyber Security
- » Cloud Computing
- » Modeling & Simulation
- » Model-Based Systems Engineering
- » Systems Engineering Education & Theory
- » Systems Integration & Verification
- » Decision-Making for Complex Systems
- » Autonomous Systems
- » Robotic Systems
- » Sensors Integration & Applications
- » Large-Scale Systems Integration
- » Space & Communication Systems
- » Medical Systems
- » Defense Systems
- » Gaming & Entertainment Systems
- » Transportation Systems
- » Environmental Systems
- » Energy Management & Sustainability (incl. Renewable Energy)
- » Socio-Technical Systems
